### 3. <u>RESOLUTION 12-2020-1 – EMPOWERING THE MAYOR TO NEGOTIATE THE ACCEPTANCE OF THE HOMESTEAD TOWER AS CUMBERLAND COUNTY PROPERTY:</u>

On motion of Commissioner York, second by Commissioner Wilson moved to adopt resolution 12-2020-1.

Discussion: Commissioner Stone stated that the county already owns the Homestead Tower indirectly through the school system. The school system budget does not have the funds to repair or replace the roofing system. The tower is a county wide jewel bringing positive impact on tourism in the past year with visitors from 47 states as well as worldwide visitors. The Tower Museum is featured on scenic trails sponsored by the state. The tower is a -tremendous-part-of-the heritage-of our-county. Commissioner-Seiber asked will the county have to pay to redo the interior of the tower making it ADA compliant. Mayor Foster stated there is work to be done and it would be an obligation if the county takes over the tower. There is interior and exterior work needed with a total figure of a little over \$200,000.00. The ADA changes could be down over a period of years if the county obtains the tower. ADA compliance will need to be completed at all county owned buildings. Commissioner Mall stated that the Homestead Tower Association maintains the tower with fundraisers at this time. The fundraisers could help support the funds need for compliance standards by working with county and commission to elevate those fundraising efforts. Commissioner Cooper asked is it the plan to turn the tower over to the Homestead Tower Association to maintain and keep. Mayor Foster said there was not a motion from the Buildings and Grounds Committee to support that at this time. Commissioner Hyder stated the minutes to the Debt Management state that the county already owns the tower. In the past the county has not had to contribute large funds in the tower, the association has cared for and kept the building operational. Commissioner Threet states that if the county obtains the tower there are a few opportunities the commission could chose to do. One being the commission could deed the tower to the Homestead Tower Association with stipulations that if they ever cease to exist, it would be deeded back to the county. A second option would be to lease to the Association. The tower is listed on the national historical registry of places and does not have to have the same roofing system as they had originally. There is a 20 year time span to become ADA compliant. Commissioner Lowe asked if this resolution was only to take the tower from the school system at this time. Mayor Foster confirmed that is correct.

The motion to adopt resolution 12-2020-1, approve empowering the Mayor to negotiate the acceptance of the Homestead Tower as Cumberland County property, carried by a roll call vote of 12 ayes from Commissioners Norris, York, Hyder, Stone, Threet, Lowe, Wilson, Sherrill, Baldwin, Blalock, Holbrook and Mall and 5 nays from Commissioners Kyle Davis, Gibson, Seiber, Jack Davis, Cooper. For the purpose of (i) funding the Project, (ii) reimbursing the County for prior expenditures for the Project; and (iii) paying the costs incident to the issuance and sale of the Notes as more fully set forth in Section 8 hereof, there are hereby authorized to be issued interest bearing capital outlay notes of the County in an aggregate principal amount of not to exceed \$1,600,300. Subject to the adjustments permitted in Section 7 hereof, the Notes shall be issued in fully registered form, without coupons, shall be known as "General Obligation Capital Outlay Notes" and shall be dated their date of issuance, or such other date and have such series designation as shall be determined by the Mayor. The Notes shall bear interest at a rate or rates not to exceed five percent (5.00%) per annum, payable, subject to the adjustments permitted pursuant to Section 7 hereof, not more frequently than monthly on such dates as are approved by the Mayor and the purchaser of the Notes until the Notes mature or are redeemed, commencing no later than one year from the date of issuance of the Notes. The Notes shall be issued in such denomination as shall be requested by the original purchaser thereof. Subject to the adjustments permitted by Section 7 hereof, the Notes shall mature serially or be subject to mandatory redemption and be payable annually so that one-ninth of the principal is paid each year. The Notes shall mature not later than three (3) fiscal years from the date of their issue, but such maturity may be extended or renewed as permitted by the Act.

Subject to the adjustments permitted pursuant to Section 7 hereof, the Notes are subject to redemption, in whole or in part, at any time, at the redemption price of par plus accrued interest to the redemption date. If less than all the Notes shall be called for redemption, the maturities to be redeemed shall be designated by the Governing Body, in its discretion, and, if less than all of the Notes of a maturity shall be called for redemption, the Notes within the maturity to be redeemed shall be selected by the Registration Agent by lot or in such other random manner as the Registration Agent in its discretion shall determine.

Pursuant to Section 7 hereof, the Mayor is authorized to sell the Notes, or any maturities thereof, as term Notes ("Term Notes") with mandatory redemption requirements. In the event any or all the Notes are sold as Term Notes, the County shall redeem such Term Notes on the redemption dates corresponding to the maturity dates set forth herein in aggregate principal amounts equal to the maturity amounts set forth herein for each redemption date, as such maturity amounts may be adjusted pursuant to Section 7 hereof. Notes so redeemed shall be redeemed at a price of par plus accrued interest thereon to the date of redemption. The Term Notes to be so redeemed shall be selected by lot or in such other random manner as the Registration Agent in its discretion may determine.

Unless waived by the owners thereof, notice of call for optional redemption shall be given by the Registration Agent not less than one (1) days prior to the date fixed for redemption by sending an appropriate notice to the registered owners of the Notes to be redeemed by electronic means or first-class mail, postage prepaid, at the addresses shown on the Note registration records of the Registration Agent as of the date of the notice; but neither failure to mail such notice nor any defect in any such notice so

mailed shall affect the sufficiency of the proceedings for the redemption of any of the Notes for which proper notice was given. From and after any redemption date, all Notes called for redemption shall cease to bear interest if funds are available at the office of the Registration Agent for the payment thereof and if notice has been duly provided as set forth herein.

The County hereby authorizes and directs the Registration Agent to maintain Note registration records with respect to the Notes, to authenticate and deliver the Notes as provided herein, either at original issuance, upon transfer, or as otherwise directed by the County, to effect transfers of the Notes, to make all payments of principal, premium, if any, and interest with respect to the Notes as provided herein and to cancel and destroy Notes which have been paid at maturity or submitted for exchange or transfer.

The Notes shall be payable, as to principal, premium, if any, and interest, in lawful money of the United States of America at the office of the Registration Agent. The Registration Agent shall make all interest payments with respect to the Notes on each interest payment date directly to the registered owners as shown on the Note registration records maintained by the Registration Agent as of the close of business on the day which is fifteen days preceding the interest payment date, or the fifteenth day of the preceding month if the interest payment date is on the first day of the month (the "Regular Record Date"), by check or draft mailed to such owners at such owners' addresses shown on said Note registration records, without, except for final payment, the presentation or surrender of such registered Notes, and all such payments shall discharge the obligations of the County in respect of such Notes to the extent of the payments so made. Payment of principal of and premium, if any, on the Notes shall be made upon presentation and surrender of such Notes to the Registration Agent as the same shall become due and payable.

Any interest on any Note which is payable but is not punctually paid or duly provided for on any interest payment date (hereinafter "Defaulted Interest") shall forthwith cease to be payable to the registered owner on the relevant Regular Record Date; and, in lieu thereof, such Defaulted Interest shall be paid by the County to the persons in whose names the Notes are registered at the close of business on a date (the "Special Record Date") for the payment of such Defaulted Interest, which shall be fixed in the following manner: the County shall notify the Registration Agent in writing of the amount of Defaulted Interest proposed to be paid on each Note and the date of the proposed payment, and at the same time the County shall deposit with the Registration Agent an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Registration Agent for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the persons entitled to such Defaulted Interest as in this Section provided. Thereupon, not less than ten (10) days after the receipt by the Registration Agent of the notice of the proposed payment, the Registration Agent shall fix a Special Record Date for the payment of such Defaulted Interest which Date shall be not more than fifteen (15) nor less than ten (10) days prior to the date of the proposed payment to the registered owners. The Registration Agent shall promptly notify the County of such Special Record Date and, in the name and at the expense of the County, not less than ten (10) days prior to such Special Record Date, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first-class postage prepaid, to each registered owner at the address thereof as it appears in the Note registration records maintained by the Registration Agent as of the date of such notice. Nothing contained in this Section or in the Notes shall impair any statutory or other rights in law or in equity of any registered owner arising as a result of the failure of the County to punctually pay or duly provide for the payment of principal of and interest on the Notes when due.

The Notes are transferable only by presentation to the Registration Agent by the registered owner, or his legal representative, duly authorized in writing, of the registered Note(s) to be transferred with the form of assignment on the reverse side thereof completed in full and signed with the name of the

registered owner as it appears upon the face of the Note(s) accompanied by appropriate documentation necessary to prove the legal capacity of any legal representative of the registered owner. Upon receipt of the Note(s) in such form and with such documentation, if any, the Registration Agent shall issue a new Note or Notes to the assignee(s) in such authorized denomination(s), as requested by the registered owner requesting transfer. The Registration Agent shall not be required to transfer or exchange any Note during the period commencing on a Regular Record Date or Special Record Date and ending on the corresponding interest payment date of such Note, nor to transfer or exchange any Note after the notice calling such Note for redemption has been made, nor to transfer or exchange any Note during the period following the receipt of instructions from the County to call such Note; provided, the Registration Agent. at its option, may make transfers after any of said dates. No charge shall be made to any registered owner for the privilege of transferring any Notes, provided that any transfer tax relating to such transaction shall be paid by the owner requesting transfer. The person in whose name any Note shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes and neither the County nor the Registration Agent shall be affected by any notice to the contrary whether or not any payments due on the Notes shall be overdue. Notes, upon surrender to the Registration Agent, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of Notes of the same maturity in authorized denomination or denominations.

The Notes shall be signed by the Mayor and attested by the County Clerk by their manual or facsimile signatures.

The Registration Agent is hereby authorized to authenticate and deliver the Notes to the original purchaser thereof or as the original purchaser may designate upon receipt by the County of the proceeds of the sale thereof and to authenticate and deliver Notes in exchange for Notes of the same principal amount delivered for transfer upon receipt of the Note(s) to be transferred in proper form with proper documentation as hereinabove described. The Notes shall not be valid for any purpose unless authenticated by the Registration Agent by the manual signature of an authorized representative thereof on the certificate set forth herein on the Note form.

In case any Note shall become mutilated, or be lost, stolen, or destroyed, the County, in its discretion, shall issue, and the Registration Agent, upon written direction from the County, shall authenticate and deliver, a new Note of like tenor, amount, maturity and date, in exchange and substitution for, and upon the cancellation of, the mutilated Note, or in lieu of and substitution for such lost, stolen or destroyed Note, or if any such Note shall have matured or shall be about to mature, instead of issuing a substituted Note the County may pay or authorize payment of such Note without surrender thereof. In every case the applicant shall furnish evidence satisfactory to the County and the Registration Agent of the destruction, theft or loss of such Note, and indemnity satisfactory to the County and the Registration Agent; and the County may charge the applicant for the issue of such new Note an amount sufficient to reimburse the County for the expense incurred by it in the issue thereof.

Section 4. <u>Source of Payment</u>. The Notes shall be payable from unlimited ad valorem taxes to be levied on all taxable property within the County. For the prompt payment of principal of, premium, if any, and interest on the Notes, the full faith and credit of the County are hereby irrevocably pledged.

Principal of, premium, if any, and interest falling due at any time when there are insufficient funds from this tax levy on hand shall be paid from the current funds of the County and reimbursement therefor shall be made out of the taxes hereby provided to be levied when the same shall have been collected. The tax herein provided may be reduced to the extent of direct appropriations from the general funds or other legally available funds of the County to the payment of debt service on the Notes.

#### Section 7. Sale of Notes.

- The Notes shall be sold by the Mayor by negotiated sale or any other method as permitted (a) by Tennessee law at a price equal to the principal amount thereof. For the purpose of obtaining the lowest possible interest cost on the Notes, the Mayor is authorized to establish a series designation; to cause to be sold an aggregate principal amount of Notes less than that shown in Section 3 hereof, to make corresponding adjustments to the maturity schedule as designated in Section 3 hereof, so long as the final maturity of the Notes does not exceed three years from the dated date of the Notes; to change the interest payment dates on the Notes; to cause two or more serial maturities to be sold as a Term Note with mandatory sinking fund payments equal to each annual serial maturity; to adjust principal payment amounts; to modify the redemption provisions to provide that all or a portion of the Notes are not subject to optional redemption; and if subject to optional redemption, to provide for a redemption premium to be paid on the Notes of not greater than 1% of the principal amount redeemed. The Mayor is further authorized to sell the Notes as a single Note having annual serial installments of principal maturing and payable in the amounts and on the dates as set forth in Section 3 hereof, as may be modified as set forth in this Section 7 hereof, and to agree with the Purchaser of the Notes that the principal amount thereof may be advanced as needed to pay costs of the Project. The Notes may also be issued as includable in gross income for purposes of federal income taxation under laws in force on the date of delivery of the Notes.
- (b) No Notes shall be sold at an interest rate exceeding five percent (5.00%) per annum. The action of the Mayor in selling the Notes, establishing the terms set forth above and fixing the interest rate or rates on the Notes, but not exceeding five percent (5.00%) per annum, shall be binding on the County, and no further action of the Governing Body with respect thereto shall be required. The form of the Note set forth in Section 5 hereof, shall be conformed to reflect any changes made pursuant to this Section 7 hereof. The Mayor and County Clerk, or either of them, are authorized to cause the Notes to be authenticated and delivered by the Registration Agent to the purchaser thereof and to execute, publish,

and deliver all certificates and documents as they shall deem necessary in connection with the sale and delivery of the Notes.

- (c) The Notes shall not be issued until after the approval of the State Director of Local Finance shall have been obtained as required by Sections 9-21-101 et seq., Tennessee Code Annotated.
- Section 8. <u>Disposition of Note Proceeds</u>. The proceeds of the sale of the Notes, as disbursed, shall be paid to the County Trustee to be deposited with a financial institution regulated by the Federal Deposit Insurance Corporation or similar or successor federal agency in a special fund known as the Note Project Fund (the "Project Fund") to be kept separate and apart from all other funds of the County. The monies in the Project Fund shall be solely used by the County to pay costs of issuance of the Notes and costs of the Project. Moneys in the Project Fund shall be invested in such investments as shall be permitted by applicable law. Interest earnings shall be applied to the Project or used to pay principal and interest on the Notes as shall be determined by the Mayor.
- Tax Covenants. If the Notes are issued as tax-exempt obligations then the County recognizes that the purchasers and owners of the Notes will have accepted them on, and paid therefor a price that reflects the understanding that interest thereon is excluded from gross income for purposes of federal income taxation under laws in force on the date of delivery of the Notes. In this connection, the County covenants that it shall take no action which may render the interest on any of said Notes subject to inclusion in gross income for purposes of federal income taxation. It is the reasonable expectation of the Governing Body of the County that the proceeds of the Notes will not be used in a manner which will cause the Notes to be "arbitrage bonds" within the meaning of Section 148 of the Code including any lawful regulations promulgated or proposed thereunder, and to this end the said proceeds of the Notes and other related funds established for the purposes herein set out, shall be used and spent expeditiously for the purposes described herein. The Governing Body further covenants and represents that in the event it shall be required by Section 148(f) of the Code to pay any investment proceeds of the Notes to the United States government, it will make such payments as and when required by said Section 148(f) and will take such other actions as shall be necessary or permitted to prevent the interest on the Notes from becoming taxable. The Mayor and County Clerk, or either of them, are authorized and directed to make such certifications in this regard in connection with the sale of the Notes as either or both shall deem appropriate, and such certifications shall constitute a representation and certification of the County. The Notes may also be issued as taxable obligations.
- Section 10. <u>Discharge and Satisfaction of Notes</u>. If the County shall pay and discharge the indebtedness evidenced by any of the Notes in any one or more of the following ways:
- (a) By paying or causing to be paid, by deposit of sufficient funds as and when required with the Registration Agent, the principal of and interest on such Notes as and when the same become due and payable;
- (b) By depositing or causing to be deposited with any trust company or bank whose deposits are insured by the Federal Deposit Insurance Corporation and which has trust powers ("a Trustee"; which Trustee may be the Registration Agent), in trust, on or before the date of maturity, sufficient money or Federal Obligations, the principal of and interest on which, when due and payable, will provide sufficient moneys to pay such Notes and to pay interest thereon when due until the maturity date;
- (c) By delivering such Notes to the Registration Agent, for cancellation by it; and if the County shall also pay or cause to be paid all other sums payable hereunder by the County with respect to such Notes, or make adequate provision therefor, and by resolution of the Governing Body instruct any such Trustee to pay amounts when and as required to the Registration Agent for the payment of principal

of and interest on such Notes when due, then and in that case the indebtedness evidenced by such Notes shall be discharged and satisfied and all covenants, agreements and obligations of the County to the owners of such Notes shall be fully discharged and satisfied and shall thereupon cease, terminate and become void.

If the County shall pay and discharge the indebtedness evidenced by any of the Notes in the manner provided in either clause (a) or clause (b) above, then the registered owners thereof shall thereafter be entitled only to payment out of the money or Federal Obligations deposited as aforesaid.

Except as otherwise provided in this Section, neither Federal Obligations nor moneys deposited with the Registration Agent pursuant to this Section nor principal or interest payments on any such Federal Obligations shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal and premium, if any, and interest on said Notes; provided that any cash received from such principal or interest payments on such Federal Obligations deposited with the Registration Agent, (A) to the extent such cash will not be required at any time for such purpose, shall be paid over to the County as received by the Registration Agent and (B) to the extent such cash will be required for such purpose at a later date, shall, to the extent practicable, be reinvested in Defeasance Obligations maturing at times and in amounts sufficient to pay when due the principal and interest to become due on said Notes and interest earned from such reinvestments shall be paid over to the County, as received by the Registration Agent. For the purposes of this Section, Defeasance Obligations shall mean direct obligations of, or obligations, the principal of and interest on which are guaranteed by, the United States of America, or any agency thereof, obligations of any agency or instrumentality of the United States or any other obligations at the time of the purchase thereof are permitted investments under Tennessee law for the purposes described in this Section, which bonds or other obligations shall not be subject to redemption prior to their maturity other than at the option of the registered owner thereof.

- Section 11. <u>Qualified Tax-Exempt Obligations</u>. If the Notes are issued as tax-exempt obligations, then the Governing Body hereby designates the Notes as "qualified tax-exempt obligations," to the extent the Notes may be designated, within the meaning of and pursuant to Section 265 of the Internal Revenue Code of 1986, as amended.
- Section 12. <u>Reasonably Expected Economic Life</u>. The "reasonably expected economic life" of the Project within the meaning of Section 9-21-101 <u>et seq.</u>, Tennessee Code Annotated, is at least three (3) years.
- Section 13. Resolution a Contract. The provisions of this resolution shall constitute a contract between the County and the registered owners of the Notes, and after the issuance of the Notes, no change, variation or alteration of any kind in the provisions of this resolution shall be made in any manner until such time as the Notes and interest due thereon shall have been paid in full:
- Section 14. <u>Separability</u>. If any section, paragraph or provision of this resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this resolution.

#### ARTICLE 5 OWNER'S RESPONSIBILITIES

Init.

§ 5.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner regarding requirements for and limitations on the Project, including a written program, which shall set forth the

Owner's objectives; schedule; constraints and criteria, including space requirements and relationships; flexibility; expandability; special equipment; systems; and site requirements.

- § 5.2 The Owner shall establish the Owner's budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and, (3) reasonable contingencies related to all of these costs. The Owner shall update the Owner's budget for the Project as necessary throughout the duration of the Project until final completion. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect. The Owner and the Architect shall thereafter agree to a corresponding change in the Project's scope and quality.
- § 5.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project. The Owner shall render decisions and approve the Architect's submittals in a timely manner in order to avoid unreasonable delay in the orderly and sequential progress of the Architect's services.
- § 5.4 The Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. The surveys and legal information shall include, as applicable, grades and lines of streets, alleys, pavements and adjoining property and structures; designated wetlands; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the site; locations, dimensions, and other necessary data with respect to existing buildings, other improvements and trees; and information concerning available utility services and lines, both public and private, above and below grade, including inverts and depths. All the information on the survey shall be referenced to a Project benchmark.
- § 5.5 The Owner shall furnish services of geotechnical engineers, which may include test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, seismic evaluation, ground corrosion tests and resistivity tests, including necessary operations for anticipating subsoil conditions, with written reports and appropriate recommendations.

#### (Paragraphs deleted)

- § 5.8 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall furnish the services of consultants other than those designated as the responsibility of the Architect in this Agreement, or authorize the Architect to furnish them as an Additional Service, when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided.
- § 5.9 The Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.
- § 5.10 The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.
- § 5.11 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including errors, omissions or inconsistencies in the Architect's Instruments of Service.
- § 5.12 The Owner shall include the Architect in all communications with the Contractor that relate to or affect the Architect's services or professional responsibilities. The Owner shall promptly notify the Architect of the substance of any direct communications between the Owner and the Contractor otherwise relating to the Project. Communications by and with the Architect's consultants shall be through the Architect.
- § 5.13 Before executing the Contract for Construction, the Owner shall coordinate the Architect's duties and responsibilities set forth in the Contract for Construction with the Architect's services set forth in this Agreement. The Owner shall provide the Architect a copy of the executed agreement between the Owner and Contractor, including the General Conditions of the Contract for Construction.

- § 5.14 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall obligate the Contractor to provide the Architect access to the Work wherever it is in preparation or progress.
- § 5.15 Within 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate, give notice of, or enforce lien rights.

### ARTICLE 6 COST OF THE WORK

- § 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work also includes the reasonable value of labor, materials, and equipment, donated to, or otherwise furnished by, the Owner. The Cost of the Work does not include the compensation of the Architect; the costs of the land, rights-of-way, financing, or contingencies for changes in the Work; or other costs that are the responsibility of the Owner.
- § 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and shall be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, and the preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work, prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials, or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market, or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work, or from any estimate of the Cost of the Work, or evaluation, prepared or agreed to by the Architect.
- § 6.3 In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding, and price escalation; to determine what materials, equipment, component systems, and types of construction are to be included in the Contract Documents; to recommend reasonable adjustments in the program and scope of the Project; and to include design alternates as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget. The Architect's estimate of the Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner requires a detailed estimate of the Cost of the Work, the Architect shall provide such an estimate, if identified as the Architect's responsibility in Section 4.1.1, as a Supplemental Service.
- § 6.4 If, through no fault of the Architect, the Procurement Phase has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, the Owner's budget for the Cost of the Work shall be adjusted to reflect changes in the general level of prices in the applicable construction market.
- § 6.5 If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project's size, quality, or budget for the Cost of the Work, and the Owner shall cooperate with the Architect in making such adjustments.
- § 6.6 If the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall
  - .1 give written approval of an increase in the budget for the Cost of the Work;
  - .2 authorize rebidding or renegotiating of the Project within a reasonable time;
  - 3 terminate in accordance with Section 9.5;
  - 4 in consultation with the Architect, revise the Project program, scope, or quality as required to reduce the Cost of the Work; or,
  - .5 implement any other mutually acceptable alternative.
- § 6.7 If the Owner chooses to proceed under Section 6.6.4, the Architect shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. If the Owner requires the Architect to modify the Construction Documents because the lowest bona fide bid or negotiated proposal exceeds the Owner's budget for the Cost of the Work due to market conditions the Architect could not reasonably anticipate, the Owner shall compensate the Architect for the modifications as an Additional Service pursuant to Section 11.3; otherwise the Architect's services for modifying the Construction Documents shall be without additional compensation. In any

event, the Architect's modification of the Construction Documents shall be the limit of the Architect's responsibility under this Article 6.

### ARTICLE 7 COPYRIGHTS AND LICENSES

- § 7.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project.
- § 7.2 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants.
- § 7.3 The Architect grants to the Owner a nonexclusive license to use the Architect's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations under this Agreement, including prompt payment of all sums due pursuant to Article 9 and Article 11. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service, subject to any protocols established pursuant to Section 1.3, solely and exclusively for use in performing services or construction for the Project. If the Architect rightfully terminates this Agreement for cause as provided in Section 9.4, the license granted in this Section 7.3 shall terminate.
- § 7.3.1 In the event the Owner uses the Instruments of Service without retaining the authors of the Instruments of Service, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 7.3.1. The terms of this Section 7.3.1 shall not apply if the Owner rightfully terminates this Agreement for cause under Section 9.4.
- § 7.4 Except for the licenses granted in this Article 7, no other license or right shall be deemed granted or implied under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants.
- § 7.5 Except as otherwise stated in Section 7.3, the provisions of this Article 7 shall survive the termination of this Agreement.

### ARTICLE 8 CLAIMS AND DISPUTES

### § 8.1 General

- § 8.1.1 The Owner and Architect shall commence all claims and causes of action against the other and arising out of or related to this Agreement, whether in contract, tort, or otherwise, in accordance with the requirements of the binding dispute resolution method selected in this Agreement and within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.
- § 8.1.2 To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents, and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A201–2017, General Conditions of the Contract for Construction. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents, and employees of any of them, similar waivers in favor of the other parties enumerated herein.

§ 8.1.3 The Architect and Owner waive consequential damages for claims, disputes, or other matters in question, arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement, except as specifically provided in Section 9.7.

### § 8.2 Mediation

- § 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to binding dispute resolution. If such matter relates to or is the subject of a lien arising out of the Architect's services, the Architect may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or by binding dispute resolution.
- § 8.2.2 The Owner and Architect shall endeavor to resolve claims, disputes and other matters in question between them by mediation, which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of this Agreement. A request for mediation shall be made in writing, delivered to the other party to this Agreement, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of a complaint or other appropriate demand for binding dispute resolution but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration proceeding is stayed pursuant to this section, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.
- § 8.2.3 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.
- § 8.2.4 If the parties do not resolve a dispute through mediation pursuant to this Section 8.2, the method of binding dispute resolution shall be the following: (Check the appropriate box.)
  - [ ] Arbitration pursuant to Section 8.3 of this Agreement
  - [ X ] Litigation in a court of competent jurisdiction
  - [ ] Other: (Specify)

If the Owner and Architect do not select a method of binding dispute resolution, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, the dispute will be resolved in a court of competent jurisdiction.

(Paragraphs deleted)

§ 8.4 The provisions of this Article 8 shall survive the termination of this Agreement.

### ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven days' written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Owner shall pay the Architect all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.2 If the Owner suspends the Project, the Architect shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Architect shall be compensated for expenses incurred in the
